

**9.00 - 9.30**     **Opening Ceremony**  
**Honorary Memberships**  
**Annual Prize Winners (in cooperation with**  
**Boehringer Ingelheim and Servier)**

---

**9.30 - 10.00**     **SESSION 1 - ANNUAL PRIZE WINNERS**

*Chair: Broulíková A. (Prague)*

1.     **Linhart Prize Winner**
2.     **Prusík Prize Winner**
3.     **Reiniš Prize Winner**
4.     **Přerovský Prize Winner**

**10.00 - 10.30**     **COFFEE BREAK**

---

**10.30 - 11.30**     **SESSION 2 - HOW INTERVENTIONAL LIPIDOLOGY**  
**WILL MAKE ANGIOLOGY LESS INTERVENTIONAL**  
Symposium in cooperation with the Czech Society for  
Atherosclerosis

*Chairs: Piřha J., Vrablík M. (Prague)*

5.     **Introduction**  
*Piřha J. (Prague)*
6.     **Dietary Interventions - A Prologue and Epilogue to the Radical**  
**Reduction of LDL Cholesterol**  
*Boháčová V. (Prague)*
7.     **Very Low and Very Safe LDL Cholesterol in PAD - To Be**  
**Accomplished This Year**  
*Vrablík M. (Prague)*

---

**11.30 - 12.00**     **SESSION 3 - PUCHMAYER'S MEMORIAL LECTURE**

*Chairs: Roztočil K., Spáčil J. (Prague)*

8.     **Atherosclerosis and Inflammation**  
*Poledne R. (Prague)*

---

## 12.00 - 13.00 SESSION 4 - AORTIC DISEASE

*Chairs: Dzsinič C. (Budapest), Chochola M. (Prague)*

9. **Our Experience with Type II Endoleaks: Novel Techniques in Diagnostics and Therapy**  
*Mitáš P., Novotný R., Hlubocký J., Lindner J. (Prague)*
10. **Incidence of Small Abdominal Aortic Aneurysm Ruptures and Rupture Risk Prediction Based on Wall Stress Assessment**  
*Kubíček L., Staffa R., Vlachovský R., Polzer S. (Brno)*
11. **Penetrating Sclerotic Ulcer of the Thoracic Aorta**  
*Dzsinič C., Berek P., Pataki T. (Budapest)*
12. **Factors Elevating Risk of Stroke in Patients After Endovascular Treatment of Thoracic Aorta Diseases**  
*Szostek M. M., Jakuczun W., Alagbari A., Szostek G., Ostrowski T., Szostek M. (Warsaw)*

## 13.00 - 14.00 LUNCH BREAK

---

## 14.00 - 15.00 SESSION 5 - HEPARIN CENTENIAL

**Symposium in cooperation with International Union of Angiology**

*Chairs: Fareed J. (Maywood), Roztočil K. (Prague)*

13. **Past, Present and Future of Heparin**  
*Fareed J. (Maywood)*
14. **The Role of Heparin Related Drugs in the Management of Venous and Arterial Thrombosis**  
*Hirmerová J. (Pilsen)*
15. **Diversification of Heparin Resourcing. Sheep Heparins as an Alternate for Porcine Heparins**  
*Yao Y. (JiangSu)*

---

**15.00 - 16.00 SESSION 6 - WHAT THE ANGIOLOGIST SHOULD KNOW ABOUT HYPERTENSION**

Symposium in cooperation with the Czech Society of Hypertension

*Chair: Cífková R. (Prague)*

16. **Secondary Prevention and Prognosis in Patients After Stroke**  
*Cífková R. (Prague)*
17. **Invasive Treatment of Hypertension - An Update**  
*Widimský J., jr. (Prague)*
18. **Arterial Stiffness - From Experiment to Clinical Practice**  
*Wohlfahrt P. (Prague)*

**16.00 - 16.30 COFFEE BREAK**

---

**16.30 - 18.00 SESSION 7 - CARDIOVASCULAR RISK**

*Chairs: Allegra C. (Rome), Dostálová K. (Bratislava),*

*Spáčil J. (Prague)*

19. **Heart Score, Carotid Artery Examination, ABI and Pulse Wave Velocity (CAVI): Improving Cardiovascular Risk Stratification?**  
*Spáčil J., Svobodová J. (Prague)*
20. **The Platelet Polymorphisms Associated with Atherosclerotic Cardiovascular Disease in Patients with Venous Thromboembolism**  
*Kvasnička T., Ulrych J., Krška Z., Zenáhlíková Z., Brzežková R., Kvasničková P., Kvasnička J. (Prague)*
21. **Multiple Vessel Involvement in the Elderly - Significant Contribution to Polymorbidity**  
*Dostálová K., Švarc P., Kukučková L., Mahel'ová L., Moricová Š., Šimko P. (Bratislava)*
22. **Microalbuminuria in Apparently Healthy People in Middle Aged Population of Eastern Slovakia**  
*Szabóová E., Kocsisová A., Fat'lová E., Rajnič A., Bavo'árová M. (Košice)*
23. **Polymyalgia Rheumatica - Also an Angiological Issue**  
*Hofírek I., Hanák L., Gál B., Vojtíšek B., Sochor O., Bartoňková D., Hofírek M. (Brno)*

**10.30 - 11.30 SESSION 8 - NEW ORAL ANTICOAGULANTS**

Symposium in cooperation with the Czech Society for Thrombosis and Hemostasis

*Chairs: Fareed J. (Maywood), Kvasnička J. (Prague)*

- 24. Practical Considerations with the Use of New Anticoagulants**  
*Fareed J. (Maywood)*
- 25. Selected Pitfalls of NOACs Treatment**  
*Kvasnička J. (Prague)*
- 26. What the Angiologist Should Know About Laboratory Control of NOACs**  
*Penka M. (Brno)*
- 27. The Perioperative Procedure in Antithrombotic Treatment**  
*Kvasnička T. (Prague)*

---

**11.30 - 12.00 SESSION 9 - ELIQUIS CONNECTS BOTH EFFICACY AND SAFETY NOT ONLY IN THE TREATMENT OF VENOUS THROMBOEMBOLISM**

Symposium in cooperation with Pfizer

*Chair: Karetová D. (Prague)*

- 28. Apixaban - A Favourable Safety Profile Across Indications**  
*Karetová D. (Prague)*
- 29. Outpatient Treatment of Pulmonary Embolism**  
*Holý M. (České Budějovice)*

---

**12.00 - 13.00 SESSION 10**

**DABIGATRAN WITH A SPECIFIC ANTIDOTE - A FURTHER STEP TOWARDS SAFER ANTICOAGULATION**

Symposium in cooperation with Boehringer Ingelheim

*Chair: Janský P. (Prague)*

- 30. The Idarucizumab Specific Antidote - A Further Step Towards Safer Anticoagulation**  
*Dulíček P. (Hradec Králové)*
- 31. Idarucizumab - Investigator's Experience**  
*Penka M. (Brno)*

32. **Why Dabigatran in the Treatment of Thromboembolism - Case Reports**  
*Malý R. (Hradec Králové)*

---

**13.00 - 14.00 LUNCH BREAK**

---

**15.00 - 15.30 SESSION 11 - A NEW ERA IN THE TREATMENT OF DYSLIPIDEMIA TREATMENT BEGINS**  
Symposium in cooperation with Amgen  
*Chair: Karetová D. (Prague)*

33. **Which Way and How Far Should We Reduce LDL-Cholesterol in Patients Not Only with Peripheral Atherosclerosis?**  
*Vrablík M. (Prague)*
34. **Evolokumab - A Profile of the New Hypolipidemic Agent**  
*Karetová D. (Prague)*

---

**15.30 - 16.00 SESSION 12 - SYMPOSIUM IN COOPERATION WITH BAYER**  
*Chairs: Dulíček P. (Hradec Králové), Karetová D. (Prague)*

35. **XALIA - Rivaroxaban in the Treatment of Venous Thromboembolism in Real Practice**  
*Karetová D. (Prague)*
36. **Rivaroxaban - Xarelto in the Treatment of Thromboembolism - Our Experience**  
*Dulíček P. (Hradec Králové)*

---

**16.00 - 16.30 COFFEE BREAK**

---

**16.30 - 18.00 SESSION 13 - THE TERMINAL STADIUM OF CHRONIC VENOUS INSUFFICIENCY**  
*Chairs: Štvrtinová V. (Bratislava), Broulíková A., Zeman J. (Prague)*

37. **The Differential Diagnosis of Leg Ulcerations**  
*Broulíková A. (Prague)*
38. **Contribution of Microcirculation Examination Procedures to Differential Diagnoses of Leg Ulcers**  
*Zeman J., Dudash V., Zuntová P. (Prague)*

39. **Therapy of Large Varicose Veins and Venous Ulcus with Reduction of Venous Hypertension by Mini-Invasive Techniques**  
*Dostál O. (Říčany), Mitáš P. (Prague)*
40. **Early Endovenous Ablation of Venous Reflux Is the Best Choice in Patients with Ulcus Cruris Venosum**  
*Julínek S., Malý I., Klein D., Machová D. (Prague)*
41. **The Place of CircAid® Juxta-CURES™ in Self-Management of Leg Ulcers by Means of Compression Therapy: Case Report**  
*Samek P. (Košice)*

**THURSDAY, FEBRUARY 18**

**HALL CRACOW**

**8.00 - 9.00 SESSION 14 - DUPLEX SONOGRAPHY IN CLINICAL PRACTICE**

**Workshop of the Duplex Sonography Working Group**  
*Chairs: Hofírek I. (Brno), Vítovec M. (Prague)*

42. **Arteries in Ultrasound Imaging**  
*Hofírek I. (Brno)*
43. **Superficial and Deep Venous Systems in Ultrasound Imaging**  
*Vítovec M. (Prague)*

**10.00 - 10.30 COFFEE BREAK**

**10.30 - 11.30 SESSION 15 - BANDAGING OF THE UPPER AND LOWER EXTREMITIES**

**Workshop in cooperation with Lohmann & Rauscher**  
*Chair: Boušková V., Foukalová V. (Austerlitz)*

**12.00 - 13.00 SESSION 16 - NEW METHODS**

*Chairs: Andreozzi G. M. (Padua), Blažek V. (Aachen)*

44. **Unveiling of the Christian Doppler Memorial Plaque in Banská Štiavnica**  
*Dostálová K., Štvrtinová V., Šefránek V., Beňačka J. (Bratislava)*
45. **FREMS (Frequency Rhythmic Electrical Modulation System) as an Alternative Method of Improving the Walking Ability in Claudicants**  
*Andreozzi G. M. (Padua)*

46. **The Oliva-Roztocil Index - An Old-New Method of Stress Assessment**  
*Blažek V., Venema B., Leonhardt S. (Aachen)*
47. **Can Prostanoid Treatment Help for Non-Interventional Option CLI Patients?**  
*Pecsvarady Z. (Budapest)*

**13.00 - 13.30 PLENARY MEETING OF THE CZECH SOCIETY OF ANGIOLOGY**  
*(Members only)*

**13.00 - 14.00 LUNCH BREAK**

---

**15.00 - 16.15 SESSION 17 - LYMPHOLOGY**

*Chairs: Muchová I., Wald M. (Prague)*

48. **Lymphedema - Diagnostics and Therapy**  
*Pavlasová V. (Třebíč)*
49. **Lymphoscintigraphy - Methodology and Examples of Clinical Findings**  
*Knotková V. (Prague)*
50. **Sonographic Imaging of Lymphedema and Lipoedema**  
*Muchová I. (Prague)*
51. **Surgical Revascularization in the Lower Extremities  
Lymphedema Therapy: Fiction or Reality?**  
*Vidim T. (Kolín), Wald M. (Prague)*
52. **Indication and Timing of Surgery in Chronic Lymphatic Insufficiency of the Lower Extremities**  
*Wald M. (Prague), Vidim T. (Kolín)*

**16.15 - 16.30 COFFEE BREAK**

---

**16.30 - 18.00 SESSION 18 - DIABETIC FOOT**

*Chair: Piřhová P. (Prague)*

53. **Diabetic Foot Syndrome - Specifics of Diagnostics and Treatment**  
*Piřhová P. (Prague)*

54. **Utilization of Angiography Using CT and MRI - Specifics in Diabetic Patients**  
*Polovinčák M. (Prague)*
55. **Correlation Between Laser Measurement of Peripheral Microcirculation and Transcutaneous Oximetry in Diabetic Patients**  
*Matuška J., Jankovič M., Žižlavská V. (Hodonín)*
56. **Maggot Therapy of Diabetic Foot Syndrome**  
*Novotný K. (Prague)*
57. **Supporting Procedures in the Treatment of Ischemic Ulceration**  
*Záhumenský E. (Zlín)*
58. **Have the Numbers and Characteristics of Patients with Major Amputations Indicated for the Diabetic Foot in Our Department in the Last Decade Changed?**  
*Fejfarová V., Jirkovská A., Petkov V., Řezaninová L., Bém R., Dubský M., Wosková V., Němcová A., Skibová J. (Prague)*

**FRIDAY, FEBRUARY 19**

**HALL PRAGUE A+B**

### **INTERVENTIONAL ANGIOLOGY SESSION**

*Coordinator: Kučera D. (Ostrava)*

#### **8.00 - 10.20 SESSION 19 - INVASIVE TREATMENT OF CRITICAL LIMB ISCHEMIA (CLI)**

*Chairs: Staffa R. (Brno), Chochola M. (Prague), Kučera D. (Ostrava)*

59. **Critical Limb Ischemia: Epidemiology, Prognosis**  
*Kučera D. (Ostrava)*
60. **Current Options of Endovascular Treatment of CLI**  
*Procházka P. (Prague)*
- **Live case 1**  
*2<sup>nd</sup> Internal Clinic - Clinic of Cardiology and Angiology, General University Hospital, Prague*
61. **Peripheral Bypass Surgery for Critical Limb Ischaemia**  
*Staffa R., Kříž Z., Buček J., Vlachovský R., Novotný T., Pluháčková H. (Brno)*

- **Live case 2**  
*Vascular Center - Dept. of Angiology, Vítkovice Hospital, Ostrava*
- 62. Hybrid Procedures in the Treatment of CLI**  
*Biroš E. (Brno)*
- **Live case 3**  
*Dept. of Interventional Radiology and Center of Vascular and Mini-Invasive Surgery of the Complex Cardiovascular Center, Podlesí Hospital, Třinec*
- 63. The Role of Lumbar Sympathectomy in the Treatment of Critical Limb Ischemia**  
*Pekař M., Mazur M. (Ostrava)*
- 64. The Role of Neurostimulation in the Treatment of PAD**  
*Michálek P. (Prague)*

## **10.20 - 10.40 COFFEE BREAK**

---

### **10.40 - 13.00 SESSION 20 - DIABETIC FOOT - MULTIDISCIPLINARY COOPERATION**

*Chairs: Jirkovská A., Fejfarová V. (Prague), Jetmar V. (Ostrava)*

- 65. Diabetic Foot Disease, Introduction to the Problem**  
*Jirkovská A. (Prague)*
- **Live case 4**  
*Vascular Center - Dept. of Angiology, Vítkovice Hospital, Ostrava*
- 66. The Impact of Successful Revascularization on Healing of the Ischemic Diabetic Wound**  
*Jetmar V. (Ostrava)*
- **Live case 5**  
*Dept. of Interventional Radiology of the Complex Cardiovascular Center, Podlesí Hospital, Třinec*
- 67. Risk Factors and Indications for Major Amputation After Autologous Cell Therapy of Ischemic Diabetic Foot**  
*Dubský M., Jirkovská A., Bém R., Němcová A., Fejfarová V., Pagáčová L., Navrátil K., Skibová J. (Prague)*

- **Live case 6**  
*2<sup>nd</sup> Internal Clinic – Clinic of Cardiology and Angiology,  
General University Hospital, Prague*
- 68. Complex Therapy of the Diabetic Foot with Regards to the Off-Loading Treatment**  
*Fejfarová V., Jirkovská A. (Prague), Krawczyk P. (Ostrava), Bém R., Dubský M., Pavlů J. (Prague), Zahumenský E. (Zlín)*

### **13.00 - 14.00 LUNCH BREAK**

---

### **14.00 - 17.00 SESSION 21 - MINI-INVASIVE TREATMENT OF VARICOSE VEINS OF THE LOWER EXTREMITIES**

*Chairs: Mazur M., Kučera D. (Ostrava), Vlachovský R. (Brno)*

- 69. Duplex Ultrasound of the Superficial Venous System**  
*Musil D. (Olomouc)*
- 70. Pharmaco-Mechanical Ablation of Varicose Veins**  
*Szabó A. (Budapest)*
- **Live case 7 (In cooperation with Adyton)**  
**Pharmaco-Mechanical Ablation of Varicose Veins**  
*Bureš T., Vascular Surgery Outpatient Dept., MEDICON  
Budějovická Health Center, Prague*
- 71. Laser Ablation of Varicose Veins**  
*Vlachovský R., Staffa R., Buček J. (Brno)*
- **Live case 8 (In cooperation with Biolitec a AAR)**  
**Laser Ablation of Varicose Veins**  
*Julínek S., Palas Athena – One-Day Surgery Clinic, Prague*
- 72. Radiofrequency Ablation of Varicose Veins**  
*Mazur M. (Ostrava)*
- **Live case 9 (In cooperation with APTUM)**  
**Radiofrequency Ablation of Varicose Veins**  
*Dinaj R., Vascular Center – Dept. of Vasular Surgery, Vítkovice  
Hospital, Ostrava*
- 73. Surgery of Stem Varices Using „Glue“ – Initial Experiences**  
*Žernovický F., jr., Marton E., Tomka J., Šefránek V. (Bratislava)*
- **Video case (In cooperation with Medtronic)**

**8.00 - 9.30    SESSION 22 - VARICES; VASCULAR MALFORMATIONS**

*Chairs: Kašpar S. (Hradec Králové), Mazuch J. (Martin), Žernovický F, sr. (Bratislava)*

74. **Surgery of the Great and Small Saphenous Veins in 2016**  
*Žernovický F., jr. et al. (Bratislava)*
75. **A Tactical Approach to the Surgical Treatment of Non-Systemized and Recurrent Varicose Veins**  
*Olariu S. (Timisoara)*
76. **Specific Problems of Thermal Ablation of the Small Saphenous Vein**  
*Kašpar S. (Hradec Králové)*
77. **Is It Always Necessary to Treat the Incompetent Varicose Tributaries and the Stem Prime Source of Reflux Simultaneously?**  
*Hnátek L., Hnátková G. (Zlín)*
78. **The Importance of Perforators in the Treatment of Primary Chronic Venous Disease**  
*Musil D., Herman J. (Olomouc)*
79. **Controversies in Vascular Malformation Treatment**  
*Ostrowski T., Osęka M., Kosicki A., Szostek M. M., Szostek M., Gałązka Z., Maciąg R., Wojtaszek M. (Warsaw)*
80. **Angiodysplasia Associated with Varices by the Klippel-Trénaunay Syndrome and the Weber Syndrome**  
*Mazuch J., Červená Z., Mazuchová J. (Martin)*

---

**9.30 - 10.15    SESSION 23 - KEYNOTE LECTURE**

*Chair: Žernovický F., jr. (Bratislava)*

81. **Sclerotherapy of Difficult Parts (Ulcus, Pelvic) with Video Sections**  
*Obermayer A. (Melk)*

## 10.15 - 10.45 COFFEE BREAK

---

### 10.45 - 11.45 SESSION 24 - SURVET STUDY - A CHANGE IN APPROACH TO PROLONGED PREVENTION OF THE RECURRENCE OF THROMBOEMBOLISM

**Symposium in cooperation with Alfa Wassermann**

*Chairs: Andreozzi G. M. (Padua), Roztočil K. (Prague)*

- **The Idea of the SURVET Study**  
*Andreozzi G. M. (Padua)*
- 82. **SURVET Study - Prevention of the Recurrence of Thromboembolism**  
*Roztočil K. (Prague)*
- 83. **Comparison of Clinical Trials Evaluating Extensive Prevention of the Recurrence of Thromboembolism**  
*Matuška J. (Hodonín)*
- 84. **Influencing the Coagulation System in Long-Term Prevention of Thromboembolism**  
*Hirmerová J. (Pilsen)*
- 85. **SURVET in Angiological Practice**  
*Holý M. (České Budějovice)*

---

### 11.45 - 12.00 SESSION 25 - INVITED LECTURE

*Chair: Roztočil K. (Prague)*

- 86. **The Relationship Between Endothelial and Erectile Dysfunction, Levels of Testosterone and Cardiovascular Events in the Follow-Up**  
*Novo S., Bonomo V., Iacona R., Evola V., Corrado E., Di Piazza M., Novo G., Pavone C. (Palermo)*

---

### 12.00 - 13.00 SESSION 26 - REALIZING THE ROOTS OF CVD **Symposium in cooperation with Servier**

*Chair: Karetová D. (Prague)*

- 87. **Anatomy of Venous Return**  
*Kachlík D. (Prague)*
- 88. **Pathology of the Venous Return**  
*Hnátek L. (Zlín)*

**89. The Two Faces of Hypertension**

*Štvrtinová V. (Bratislava)*

**13.00 - 14.00 LUNCH BREAK**

---

**14.00 - 15.30 SESSION 27 - VASCULAR ACCESS**

*Chairs: Malík J., Rokošný S. (Prague)*

**90. True Aneurysm in Autologous Hemodialysis Fistulae: Definitions, Classification and Indications for Treatment**

*Baláž P. (Prague), Björck M. (Uppsala)*

**91. One-Year Outcomes of Percutaneous Treatment of Patients with Restenoses of Vascular Access with the PTFE Prosthesis: PTA vs. Stent vs. Stentgraft**

*Kudlička J., Kaván J., Malík J., Chytilová E., Krupičková Z., Grauová B., Forejtová L., Slavíková M. (Prague)*

**92. Long-Term Development of Blood Flow in Arteriovenous Fistula**

*Valeriánová A., Lopot F., Švára F., Dvořáková M., Polakovič V., Malík J. (Prague)*

**93. Impact of Flow Reduction in Arteriovenous Fistula on Cardiac Remodeling**

*Rokošný S., Wohlfahrt P., Baláž P., Pečenková V., Melenovský V. (Prague), Borlaug B. (Rochester)*

**94. Evaluation of Vascular Access Creation in Diabetic Patients**

*Janečková J., Bachleda P. (Olomouc)*

**95. Experience with the Peripherally Inserted Central Venous Catheter**

*Al-Hiti H. (Prague)*

---

**15.30 - 16.00 SESSION 28 - KEYNOTE LECTURE**

*Chair: Štvrtinová V. (Bratislava)*

**96. Monoclonal Antibody in Angiology**

*Bultas J. (Prague)*

**8.00 - 10.00 SESSION 29 - INVESTIGATION OF VASCULAR DIALYSIS ACCESS**  
**Workshop for Participants of the IUA Courses for Young Vascular Specialists**

*Workshop presenters: Malík J., Piřha J., Rokořný S. (Prague)*

- 97. Introduction  
*Piřha J. (Prague)*
- 98. Hemodialysis Access - A Vascular Surgeon's View  
*Rokořný S. (Prague)*
- 99. Sonographic Investigation of Vascular Access  
*Malík J. (Prague)*
- 100. Hands-On Demonstration

**10.00 - 10.45 COFFEE BREAK**

---

**10.45 - 11.15 SESSION 30 - ARE ALL COMPRESSION STOCKINGS EQUALLY SAFE?**

**Workshop in cooperation with Aries**  
*Workshop presenter: Čížková R. (Studenec)*

**11.15 - 11.45 SESSION 31 - NURSES' SESSION - LESSON**

*Chair: Muchová I. (Prague)*

- 101. Acute Limb Ischemia  
*Čermáková H. (Prague)*

---

**11.45 - 12.30 SESSION 32 - NURSES' SESSION**

*Chair: Muchová I. (Prague)*

- 102. Methods of Treatment of Arterial Access After Endovascular Intervention  
*Matušková J. (Ostrava)*
- 103. Chronic Venous Disease (CVD) in the Context of the So-Called Cellulite - A Problem of the Female Population  
*Tichý P. (Prague)*
- 104. The Radiologist Assitant's Role in the Cath Lab  
*Vaníčková V. (Ostrava)*

**14.00 - 16.00 SESSION 33 - E-POSTERS**

*Moderators: Matuška J. (Hodonín), Piřha J. (Prague)*

- 105. Conservative Treatment of Late Aortic Graft Infection**  
*Balá P., Zeman K., Kolořová R., Pavlas I. (Frýdek-Místek),  
Kuřera D. (Ostrava)*
- 106. A Negative D-Dimer Test Cannot Reliably Exclude Thrombosis**  
*Čermáková H., Roztočil K., Janoušek L., Froněk J. (Prague)*
- 107. Multiple Thrombophilia Mutations as a Possible Cause of Premature Ischaemic Heart Disease (A Family Case Report)**  
*Dostálová G., Karetová D., Bělohávek J. (Prague),  
Škvařilová M. (Olomouc), Bayerová K., Kvasnička J., Linhart A.  
(Prague)*
- 108. Secondary Aortoduodenal Fistula After Infection of Duodeno Biliary Prosthesis**  
*Dulanský P. (Přerov)*
- 109. Intracerebral Bleeding Due to Hyperperfusion Syndrome After Percutaneous Transluminal Angioplasty of Brachiocephalic Trunk in 60-Year-Old Woman**  
*Horáková J., Rob D., Pavliňák V., Ručka D., Chochola M.  
(Prague)*
- 110. Carriers of the LDL Receptor Mutations Within the Exon 12 in General Population**  
*Hubáček J. A., Fellnerová A., Dlouhá D., Schwarzová L.,  
Adámková V. (Prague)*
- 111. Arteria Brachioradialis**  
*Kachlík D. (Prague, Jihlava), Hájek P. (Hradec Králové),  
Koňářík M. (Prague), Báča V. (Jihlava)*
- 112. Vena Renalis Sinistra Retroaortica**  
*Kachlík D. (Prague, Jihlava), Shtëmbari J. (Hradec Králové),  
Salaj M., Malíková H. (Prague), Báča V. (Jihlava)*
- 113. Patient After Intervention on Abdominal Aorta**  
*Kolořová R. (Frýdek-Místek), Kuřera D. (Ostrava), Zeman K.,  
Pavlas I., Gisting T. (Frýdek-Místek)*

114. **Juxtarenal Modular Aortic Stent Graft Infection Caused by Staphylococcus Aureus**  
*Novotný R., Mitáš P., Hlubocký J., Lindner J. (Prague)*
115. **A Rare Case of Mobile Atherosclerotic Plaque with a High Embolic Potential in the Peripheral Arteries of the Lower Limbs**  
*Rob D., Ručka D., Chochola M., Karetová D., Hrubý J., Lubanda J.-C. (Prague)*
116. **Endovenous Laser Ablation (EVLA) of Saphenous Vein in the Treatment of Symptomatic Venous Reflux Is Flexible, Safe, Effective and Reproducible Method**  
*Šlais M., Horváth V., Kneifl T., Fabián V., Vítovec M., Honěk J., Honěk T. (Prague)*
117. **The Intermittent Pneumatic Compression as a Supportive Method in Patients with Chronic Venous Insufficiency - Our Experiences**  
*Štěpánková L., Brůhová H. (Pilsen)*
118. **Systemic Sclerosis and Raynaud's Phenomenon - A Case Report**  
*Štěrbáková G. (Pilsen)*

**SATURDAY, FEBRUARY 20**

**HALL PRAGUE A+B**

**8.00 - 9.30      SESSION 34 - WORKSHOP: DUPLEX SONOGRAPHY IN THE PRESUMPTION OF VENOUS THROMBOSIS (for Beginners)**

*Workshop presenter: Musil D. (Olomouc)*

**9.30 - 10.30      SESSION 35 - VENOUS THROMBOEMBOLISM I**

*Chairs: Dulíček P. (Hradec Králové), Musil D. (Olomouc), Poredoš P. (Ljubljana)*

119. **Virchow's Legacy for Preventive Angiology Still Current**  
*Dostálová K., Moricová Š. (Bratislava)*
120. **The Programme of WTC (Women Thrombosis Cancer) in the Czech Republic**  
*Dulíček P. (Hradec Králové)*
121. **Involvement of Varicose Veins in Superficial Venous Thrombosis**  
*Poredoš P. (Ljubljana)*

**122. Plantar Vein Thrombosis**

*Pecháček V. (Brno)*

**10.30 - 11.00 COFFEE BREAK**

**11.00 - 12.30 SESSION 36 - VENOUS THROMBOEMBOLISM II**

*Chairs: Hirmerová J. (Pilsen), Karetová D., Kvasnička T. (Prague)*

**123. Changes in the Recommendations on Antithrombotic Therapy for Venous Thromboembolism - What Is New in the Upcoming CHEST 2016 Guidelines?**

*Hirmerová J. (Pilsen)*

**124. SURVET Study - Prevention of the Recurrence of Thromboembolism**

*Matuška J. (Hodonín)*

**125. Secondary Prevention of VTE: Choosing Appropriate Anticoagulant Drug and Treatment Duration**

*Karetová D. (Prague)*

**126. Double Heterozygous Situation of the Methyltetrahydrofolate Mutations and Its Importance**

*Kuklík M., Helešic V., Krkavcová M., Bacigálová M. (Prague)*

**127. Importance of Prophylaxis of Venous Thromboembolism (VTE) in Surgical Patients with Tumors**

*Kvasnička T., Ulrych J., Krška Z., Zenáhlíková Z., Brzežková R., Kvasničková P., Kvasnička J. (Prague)*

**SATURDAY, FEBRUARY 20**

**HALL PRAGUE C+D**

**8.30 - 10.30 SESSION 37 - ARTERIAL DISEASES; CRITICAL LIMB ISCHEMIA**

*Chairs: Chlupáč J. (Prague), Martini R. (Padua), Szostek M. (Warsaw)*

**128. Can Drug Eluting Stents in Infrapopliteal Lesions Improve the Prognosis of Patients with Critical Limb Ischemia?**

*Moščovič M., Špak L., Farkašová L., Koščo M., Pataky Š. (Košice)*

- 129. Surgical Treatment of Critical Limb Ischaemia**  
*Mazur M., Pekař M., Chovancová T., Navrátilová A., Kučera D. (Ostrava)*
- 130. V.A.C. Therapy of Vascular Prosthesis Infection: A Seven-Year Experience**  
*Chlupáč J., Janoušek L., Froněk J. (Prague)*
- 131. Assessment of Skin Flowmotion in Critical Limb Ischaemia After Limb Revascularization**  
*Martini R. (Padua)*
- 132. What Is New in the Endovascular Treatment of Femoropopliteal Segment by Drug Eluting Technologies?**  
*Wierzoń M. (Třinec)*
- 133. Arterial Debulking: Complications and Their Prevention**  
*Bulvas M., Sommerová Z. (Prague)*
- 134. Endoscopic Harvest of Great Saphenous Vein for Infrainguinal Arterial Bypass - Summary of Our Initial Experience**  
*Biroš E., Staffa R., Vlachovský R., Novotný T., Janoušová E. (Brno)*
- 135. Results of Endovascular Treatment of Anastomotic Stenosis in Transplanted Kidneys**  
*Szostek G., Szostek M. M., Grygiel K., Wojtaszek M. (Warsaw)*

## **10.30 - 11.00 COFFEE BREAK**

---

### **11.00 - 13.00 SESSION 38 - ACUTE ANGIOLOGY**

*Chairs: Berek P. (Budapest), Bulvas M. (Prague), Staněk F. (Kladno)*

- 136. Ergotamine Induced Acute Lower Limb Ischemia**  
*Ambrózy E., Vacula I. (Bratislava)*
- 137. Is It Worthwhile to Treat Occluded Venous Cold-Stored Allografts with Thrombolysis?**  
*Baláž P., Wohlfahrt P., Rokošný S., Malý Š. (Prague), Björck M. (Uppsala)*
- 138. Follow-Up After Rotarex Thrombectomy of Acute and Subacute Occlusions of Peripheral Arteries and Bypasses**  
*Staněk F., Ouhrabková R., Procházka D. (Kladno)*

- 139. Popliteal Artery Entrapment Syndrome**  
*Dráč P., Utíkal P., Vaverka V., Köcher M., Černá M., Prášil V.,  
Bachleda P. (Olomouc)*
- 140. Acute Mesenteric Ischemia in Our Patients Group**  
*Kovács V., Cseri J., Čupka I., Munka Š., Barániová P.,  
Bajužiková L. (Lučenec)*
- 141. Mesenteric Ischemia - Current Practice in the Diagnostics and Treatment**  
*Baláž P. (Prague)*
- 142. Acute Carotid Reconstructions**  
*Berek P. (Budapest)*
- 143. Examination in Angiology Clinic, Nemocnična a.s. Malacky, in Emergency Mode - Percentage of Occurrence of Presupposed Acute Medical Cases**  
*Frič M. (Malacky), Jurga R. (Košice)*
- 

**13.00 YOUNG INVESTIGATOR AWARD  
CLOSING REMARKS**
